

## Fundraising Terms & Conditions

We are so pleased that you are considering raising funds for Bright Red. Over the years we have invested over £10,000,000 helping improve patient care, supporting nursing staff development and pushing the boundaries of blood cancer research.

We have played a major role in helping the North of England region become one of the best places to be for those unfortunate enough to be diagnosed with a blood cancer. Something we could not have done without the help, and generosity of our supporters.
